| 1. | Executive Director- Comptroller - 7D59 Hqs. | | | For your information and consideration. |

| 3. | | | | If there is any real prospect of legislation of this type (for which there is precedent) it would be most unfair and unfortunate that it not be extended at least to all personnel in the CIA Retirement System. |
| 4. | | | | |
| 5. | | | | If this were done, it would go a long way toward solving the CIA manpower management problem. Instead of extending these benefits entirely at the option of the individual, I would propose that authority to extend the benefit be vested in the Director, thus giving the Agency the power to offer the incentive only to officers it wishes to retire earlier than they otherwise might. |
